What About Cookies?

Cookies are alphanumeric identifiers that we transfer to your computer's hard drive through your Web browser to enable our systems to recognise your browser and to provide features such as storage of items in your Shopping Cart between visits.

The Help menu on the menu bar of most browsers will tell you how to prevent your browser from accepting new cookies, how to have the browser notify you when you receive a new cookie and how to disable cookies altogether. Additionally, you can disable or delete similar data used by browser add-ons, such as Flash cookies, by changing the add-on's settings or visiting the website of its manufacturer. However, because cookies allow you to take advantage of some essential features, we recommend that you leave them turned on. For instance, if you block or otherwise reject our cookies, you will not be able to add items to your Shopping Cart, proceed to Checkout, or use any products and services that require you to Sign in.

If you do leave cookies turned on, be sure to sign off when you finish using a shared computer.
